

Detroit Metro Skating Council

Protocol for the Use of the IJS mini-system owned by DMSC

1. All rentals are subject to date and hardware availability
2. User priorities: While conflicting competition dates are controlled to the extent possible by US Figure Skating, conflicts remain possible. DMSC member clubs will always have priority over non-member clubs.
3. Reservations will not be accepted prior to one year in advance of competition start date.

Please note: We are happy to rent the system outside the local area; however, we have decided NOT to commercially ship the equipment. We will work with the User to arrange delivery via Ledin Photo and Video, attending Officials, or other reliable party.
